

A WISH FOR ME. A WISH FOR SOMEONE ELSE.

Dear Santa,

Something that made me smile this year...

A few things I am wishing for...

One wish I have for someone else...

A kind thing I would like to do...

With Christmas love,

A real letter. A little magic.

For the grown-ups

Print the separate stationery PDF, or carefully remove the letter page. Use a standard envelope; the book letter has a blank reverse. Keep names and addresses private and add them on paper.

U.S. mailing address

Before you post it

Check current seasonal dates at uspsoperationsanta.com. Follow USPS instructions for the writer's full name and return address in the letter and on the envelope. Attach sufficient First-Class postage; extra weight may need extra postage.

Know what this program does

USPS Operation Santa is a gift-adoption program, not a guaranteed reply service. Letters may be published with identifying details removed. A letter does not guarantee publication, adoption or a gift. MyWishbook does not submit or mail your letter.

A home tradition works, too

Place your letter in a family North Pole postbox. Outside the U.S., check your local postal service's official Christmas program.
